

Important information of students of the MSc Biological Sciences program (registration for written examination in theory modules)

In order to be able to participate in the written examination in the theory modules you have to be registered for the exam in KLIPS. Please note that it is only possible to register for the first examination date at the moment. Registration phase for the second date will be open 1 day after the first examination date in each theory module. Registration phase is open until 14 days before the exam date.

Theory Module (TM) A, B or C	Examiner	1 st exam date	2 nd exam date
Essentials in Neuroscience	Schmidt	Feb. 19 th 2021	Mar. 19 th 2021
Computational Biology	Wiehe	Feb. 12 th 2021	Mar. 12 th 2021
Molecular Plant and Microbial Sciences	Döhlemann	Feb 19 th 2021	Mar. 19 th 2021
Ecology, Evolution and Environment	Arndt	Mar. 1 st 2021	Mar. 29 th 2021
Principles of Molecular Genetics, Development and Aging	Uhlirova	Feb. 26 th 2021	Mar. 26 th 2021
Advanced Biochemistry and Molecular Medicine	Schwarz	Mar. 2 nd 2021	Mar. 30 th 2021

Make sure to use the same path (A, B, C) as you did while registering for the module!

For example if you have registered for the theory modules as follows:

- Theory Module **A: Essentials in Neuroscience**
- Theory Module **B: Ecology, Evolution and Environment**
- Theory Module **C: Principles of Molecular Genetics, Development and Methods**

➔ In this example you have to register for these examinations

- Theory Module **A: Essentials in Neuroscience**
