

Important info for subject module registration

During registration for your subject modules make sure to follow the correct path in KLIPS application “Registration Status”. **Otherwise you might end up with no module** as KLIPS cannot process your registration correctly!

The screenshot shows a hierarchical menu structure in the KLIPS application. At the top is '[20152] Biological Sciences'. Underneath is 'Advanced Modules'. There are four subject modules listed: SM1, SM2, SM3, and SM4. Each subject module has two sub-items: 'Lectures, Tutorials, Practical/Lab, Seminar' and 'Module Examination'. Colored arrows on the left point to the 'Lectures, Tutorials, Practical/Lab, Seminar' item for each module: blue for SM1, green for SM2, purple for SM3, and yellow for SM4.

1. Subject module (usually 1st half of your 1st term)

Only choose “SM1 Lectures, Tutorials, Practical/Lab, Seminar” for **all** your prioritized courses

2. Subject module (usually 2nd half of your 1st term)

Only choose “SM2 Lectures, Tutorials, Practical/Lab, Seminar” for **all** your prioritized courses

3. Subject module (usually 1st half of your 2nd term)

Only choose “SM3 Lectures, Tutorials, Practical/Lab, Seminar” for **all** your prioritized courses

4. Subject module (usually 2nd half of your 2nd term)

Only choose “SM4 Lectures, Tutorials, Practical/Lab, Seminar” for **all** your prioritized courses
